[Alicia]

- The molds should continue to function after we become a barony

## 9. New Business

### a. **Largess**

[Aspasia]

- Currently Elphin, as seneschal, takes care of it
- Because we now have Duchess Tangwystl, the question was raised that maybe the largess should reside with her, as she will be the one handing it out?
- This will be discussed with Elphin before any decisions are made
- We need an inventory to determine if we need donations at this time

10. Round Table

- a. **Aspasia** – there's people on Salt Spring and in Duncan waiting for flax. Alicia will help out. She is hoping to talk to everyone and get them excited about Errington.
