Hello all!

Elizabeth and I have been in contact with the Seagirt Chatelaines and they have been giving us the skinny on everything they have been doing and we will be looking to institute some of their ideas.

We've been talking about different ways to get our name out to the public, ie. the coffee news etc.

We also have wanted to start putting our practices and get togethers out ahead of time on Facebook and discord and will be making some templates for this. We have cleared this with Anastasia.

As well we will be working with each other to put together something on a regular basis to put in the Hartbeat.

As always, with joyful Service!

There continues to be A&S meetings at three locations. Of note was the fabulous attendance at the Feb. 28; 35 people which included several fighters.
Several members of Hartwood participated in Salon Artificum.
Hartwood has been asked to run Salon Artificum 2027.

TUTR Officer

Gwynafel – March 2027

We had a Tutr in February that was a good success.

The total number of Students was 51

There were 16 total Instructors, with 2 cancellations

The total number of Classes was 27

There were fewer classes this year, we had 3 rooms filled instead of the 4 mostly filled

We had 3 walk-ins who was interested in what we were doing, they ended up taking some classes!

There is new software to help manage the Tutr event, it should make system handling easier for the next team.

Chief Archer

The winter's darkness is finally retreating and we look forward to the start of archery in North Hartwood in April (weather permitting). Watch the Shire Facebook page for notifications.

As such I have ordered archery target faces and will be touching up the butts in the next few weeks.

Those junior marshals that took their TAM course at TUTR I am still monitoring the An Tir lists Daly for when your authorizations will be uploaded.

Here's to another amazing year for Hartwood's archers.

 - - **Note:** The An Tir Webminister's office is starting a process to transfer a number of official Kingdom email accounts from the O365 to a Google Workspace (think Gmail) owned by the Kingdom. This move is in answer to a reduction in the number of Office 365 grant licenses available for the use by Kingdom without further increasing expense requirements. This is unlikely to affect Hartwood accounts.
